Support available for flood-affected residents of Baffle Creek and Rosedale

Residents of Baffle Creek and Rosedale affected by recent flooding are welcome to attend the Baffle Creek Community Centre tomorrow (Friday 4 March) between 10am-3pm (weather permitting) if they require recovery support.

The Baffle Creek Community Centre is located at 371 Coast Road, Baffle Creek.

Gladstone Region Mayor Matt Burnett encouraged residents impacted by the recent floods to reach out for support or resources.

“Gladstone Regional Council employees and representatives from The Salvation Army will be present to answer any questions residents may have that can assist with the recovery process,” Councillor Burnett said.

Council is also reminding Gladstone Region residents to access RegionWatch before, during and after disasters.

RegionWatch is the community’s online platform for the latest updates on weather warnings, power outages, flood cameras and road conditions. You can also register for our Early Warning messages.

Visit <https://regionwatch.gladstone.qld.gov.au> to find out more or simply search ‘RegionWatch Gladstone’ in your internet browser.
