Adjustments will only be made within the current rate period. It is the owner's responsibility to check that all rates and charges are correct at the time of issue of the rate notice. Adjustments will not be made for prior financial years where a property has been categorised as not a principal place of residence and the owner/s have not provided a declaration that the property is their principal place of residence.

Please pay the net amount shown on your rate notice by the due date unless you have received written notification from council of a category adjustment. Should the net amount not be paid by the date, discounts are forfeited, and interest charges will accrue.

Should this declaration be insufficient to action the change of categorisation of the property to a Principal Place of Residence, Council may contact the property owner/s for more information.
