G/1. MAYORAL STATEMENT OF CURRENT ISSUES

I would like to acknowledge the Luminous Event that was held last Thursday, Friday and Saturday nights. Another fantastic event put on by our team. There was the limited numbers ticketed event on Thursday 14 July 2022, which was capped at 5,000 people and I believe we had approximately 4,500 in attendance on that night. I'm informed that we had nearly 10,000 on the Friday 15 July 2022 night and 12,000 - 13,000 on the Saturday 16 July 2022 night. A really fantastic event for our local community. A free event put on by Gladstone Regional Council and we're very proud to be able to host that event. Lots of smiling, happy faces and laughter from all the kids and adults as well over the weekend which was fantastic.

G/5. COUNCILLORS REPORT

Councillor Darryl Branthwaite provided an overview of the Local Government Association of Queensland (LGAQ) Waste Forum he recently attended. Cr Branthwaite noted that the language being used is 'waste matters' with a lot of new technical data being shared across the councils including tags in bins which record the space available in the bin and the temperature as an example. Cr Branthwaite provided some interesting facts and figures relating to Food Organics and Green Organics (FOGO) including that Australia wastes 7.6 million tonnes annually; which equates to 312 kilos per person with approximately 3% of Australia's green house gases created by FOGO; and \$36.6 billion per year of thrown out food. Cr Branthwaite mentioned that there conversations regarding how to reduce FOGO including encouraging people to only buy what they need, eating leftovers, composting and many more. Cr Branthwaite advised that the target is by 2050 to reduce household waste by 25%; 90% of waste recovered and not gone to landfill; and 75% of recycling across all types of waste. Cr Branthwaite provided some interesting facts and figures relating to ewaste including that only 17% of ewaste is captured; ewaste includes anything with a bit of wiring; in Australia, 35 million tvs, computers, printers and computer accessories being thrown out; 9.3 million mobile phones; Australia is the fourth highest generator of waste per capita in the world; and textile waste is coming into play.

Cr Branthwaite noted that a major topic of conversation is the circular economy and what that means which is not about the hierarchy of recycling, but about refusing to buy certain things that we shouldn't. Cr Branthwaite noted that we need to rethink, reduce, reuse, repair, refurbish, re-manufacture, re-purpose, and recycle and recover. Cr Branthwaite noted it is about keeping things of high value and keeping the value in the supply chain rather than throw things away. Cr Branthwaite noted that there are various grants programs available including the Resource Recovery Industry Development Grant Program with 29 projects involved; the Queensland Recycling Modernisation Fund; and the Regional Remote Recycling Modernisation Fund.

Cr Branthwaite noted that there are many cities and municipalities around Australia which are making big inroads in the circular economy, including Hume City Council which are utilising reconophalt which is a recycled asphalt for over 30km of road in 2021 and that there are some council's in Central Queensland Region of Councils (CQROC) are trialing the reconophalt. Cr Branthwaite noted some interesting facts and figures relating to reconophalt including each km of reconophalt has 530,000 plastic bags and plastic equivalent; 680,000 glass bottles or equivalent; toner from 12,500 printer cartridges; and 134 tonnes of reclaimed road asphalt. Cr Branthwaite noted that there are many things happening in the waste space and he is proud of the way that Council is approaching and being proactive in making things happen and that in the future CQROC will be making inroads regarding FOGO, ewaste and textile waste industries. Cr Branthwaite mentioned that the less that is going to land fill the better it is for the future.

Councillor Rick Hansen noted that there are groups in the Gladstone Region that are undertaking things in the circular economy space including Creative Recycling, and education in the region as well.

GENERAL MEETING MINUTES 19 JULY 2022

Cr Hansen congratulated Phyllis Gomez and her crew at the Baffle Creek Car and Bike Muster, which was held on Sunday 17 July 2022, for a very successful event. Cr Hansen noted that there were a lot of people attending with more than last year, and the event has been held since 2017. Cr Hansen congratulated Baffle Creek Retreat for hosting the event.

Cr Hansen mentioned that Aussie Helpers held a Gala Dinner at the Royal Flying Doctor Hanger at the Gladstone Airport on Saturday 16 July 2022. Cr Hansen noted that it was the first time the Gladstone Airport has been used for this type of event. Cr Hansen noted that the event raised funds for flood and drought disaster situations throughout Australia and was a very successful event.

5.0 DEFINITIONS:

To assist in interpretation of this policy the following definitions apply:

“Event” means a planned gathering of people for artistic, entertainment, community, religious, cultural, recreational, sporting, educational, business or other special interest purposes.

“GECC” means Gladstone Entertainment Convention Centre.

“GRAGM” means Gladstone Region Art Gallery and Museum.

“The Precinct” means Philip Street Communities and Families Precinct.

6.0 POLICY STATEMENT:

6.1 Background

Council wishes to position the Gladstone Region as a nationally recognised event destination and to strengthen the capacity of the region to deliver events and activities. To achieve this, Council has established the following key principles to guide its decision-making in event attraction, programming and delivery.

6.2 GECC Programming

6.2.1 Council wishes to position the GECC as a premier multipurpose performing arts, entertainment and convention facility in regional Queensland by:

- a. Delivering a high-quality, diverse range of artistic programming for the Gladstone Region community.
- b. Playing a leading role in the artistic and cultural development of Gladstone Region citizens, particularly through interaction with local schools, arts groups and artists.
- c. Being the first-choice venue for conferences, meetings and events in the Central Queensland Region.
- d. Rivalling the customer and patron experience and offerings at any other comparable venue in regional Queensland.
- e. Consistently attracting, satisfying and maintaining loyal audiences.
- f. Developing and communicating an effective position in the marketplace.

6.2.2 In order to achieve this outcome, Council recognises that GECC's offerings (its Program) must adapt and evolve to reflect the wants and needs of an ever-changing community.

6.2.3 Council recognises that GECC is not expected to be financially self-sufficient and that achieving the desired diversity and balance of productions (many of which are not commercially viable) will require Council support.

- 6.2.4 In developing the GECC Program, GECC management is required to observe the following programming criteria:
- a. Diversity and Balance - Any production must contribute to achieving diversity in the overall GECC Program and a balance between popular productions and those that offer artistic and cultural development opportunities.
 - b. Venue Branding - A chosen production must contribute positively to the promotion of the overall reputation and identity of GECC and maintain a high standard of artistic and production values.
 - c. Company/Promoter Viability - Due diligence is to be undertaken with respect to prospective promoters/hirers and steps taken to ensure that Council's financial and non-financial interests are protected.
 - d. Timing - Booking of productions must be done in sufficient time to ensure proper marketing and presentation can be undertaken. Moreover, GECC management should avoid clashes with existing venue programming, or other comparable offerings within the region unless there is a compelling financial or other case for committing to the production.
 - e. Financial Viability - Where GECC management seeks to include productions that involve an investment risk to Council in the GECC Program approval for such productions must be obtained from employees of Council with appropriate delegations from Council through the Chief Executive Officer.
 - f. Audience Development - Productions included in the GECC Program should aid the process of sustaining existing or building new audiences to the venue.
 - g. Community Involvement - Productions included in the GECC Program should, where they are able to, provide for opportunities to collaborate with local arts groups.
 - h. Public Programs - A portion of the program should include performances and productions that are provided for community benefit with no intention of the revenue recovered from patrons to fully cover expenses. Public programs are to aid the community's artistic, cultural and educational development; or will be productions for the wider enjoyment of Gladstone Regional Council stakeholders. For example, community and school musicals, concerts, eisteddfods, or age demographic focussed programs.
- 6.2.5 Council recognises that there will be occasions where GECC management may provide sponsorship or other benefits to an event where it recognises partnership value (e.g. where being recognised as a sponsor of a partner event might provide equivalent marketing value to GECC as would traditional forms of marketing investment). Such support may involve concessional hire rates and/or cash and in-kind support. Such support must be undertaken within the budget provided by Council to GECC and be separately identifiable as a cost to Council within that budget.

6.3 Outdoor and Other Externally Hosted Event Programming

The key principles that Council will apply in developing its non-venue specific community events program are those identified in the Regional Events Strategy being:

- a. The development of greater synergies between events and tourism
- b. Building and developing a positive destination profile
- c. Growing the region's return on investment through strategic focus and investment
- d. Facilitating sustainable events
- e. Increasing overnight visitor expenditure
- f. Increasing liveability for the Gladstone Regional community
- g. Promoting community pride
- h. Celebrating the Region's diverse culture
- i. Creating opportunities for community connection and engagement
- j. Celebrating milestones, festive seasons and important dates in the Australian calendar
- k. Activating spaces throughout the region
- l. Creating economic stimulus for local businesses, groups, individuals and organisations.

6.4 GRAGM Programming

The Gladstone Regional Art Gallery and Museum programming will align with Council's Arts and Cultural Development Plan and Policy and seek to achieve balance and diversity by applying the following key principles:

- a. Showcasing Local Arts and Heritage Collections and Celebrating Community
 - Curating exhibitions and programs utilising the extensive art and local heritage collections managed by GRAGM
 - Delivering annual signature events that allow local artists to have their work displayed and recognised (for example, the Martin Hanson Memorial Art Awards, the Golding Showcase)
 - Facilitating exhibitions for regional artists and groups

 - Celebrating important civic occasions such as Australia Day; ANZAC Day, NAIDOC week and Remembrance Day et al.
- b. Audience and Talent Development and creating opportunities to broaden Community Experiences
 - Providing opportunities for the regional community to experience State, National and International arts and cultural exhibitions and programs

 - Developing activities that promote the profile of arts and culture within region.
- c. Education
 - Developing and offering exhibition and educational programs to schools and special interest groups

6.5 Library Programming

The programming of events and activities for Gladstone Regional Libraries will align with:

- a. the Gladstone Region Libraries Strategic Plan
- b. the goals and strategic objectives of the State and National Library Programs and guidelines
- c. include programs that align with local, educational and culturally significant community holidays, events and festivities (for example: Christmas festivities, NAIDOC week, school holiday programs, children's story time et al)
- d. assist in achieving the vision of lifelong learning for residents through programs which are community focussed and delivered in a safe, supportive and encouraging environment.

6.6 Community Development Programming

The programming of events and activities under Council's Community Development function will align with Gladstone Regional Council's strategic goals of community development, social inclusion and engagement and will adapt and evolve to reflect the wants and needs of an ever-changing community. Programs may focus on specific target groups as determined by Council's involvement in community development and may include programs for youth, seniors, multicultural and indigenous residents, sport and recreation organisations, community resilience recovery, volunteerism and other special interest areas.

Council's Philip Street Families and Communities Precinct which opened in August 2021 is a focal point for community and social service activity. Council recognises that there will be occasions where it is appropriate to provide sponsorship or other benefits, such as concessional room hire, to promote and encourage users to the precinct for the benefit of the broader community. Such support must be undertaken within the budget provided by Council and be separately identifiable as a cost to Council within that budget.

6.7 Tondoon Botanical Gardens Programming

The programming of events and activities for the Gladstone Tondoon Botanic Gardens will align with the Gladstone Tondoon Botanic Gardens Strategic Plan 2015-2025 with a focus on:

- a. Showcasing the native flora of the Region
- b. Educating the community and visitors on local native plant species and ecosystems; the indigenous names of flora and its uses; general foundation horticulture and sustainable environmental practice
- c. Being a host venue for other community events and celebrations.

6.8 Two-Year Events Calendar

Council will be provided with an updated Two-Year Events Calendar which includes events and activities that are proposed to be delivered by Council (in whole or in partnership with others) for annual review. The Two-Year Event Calendar will be produced and updated in the last quarter of each year and will consist of:

- a. Year 1 - A detailed list of events for the next calendar year; and
- b. Year 2 - An anticipated program of events for the year following the next calendar year.

This will provide an early opportunity for Council to consider those events proposed to be delivered prior to the next financial year's budget considerations.

The Two-Year calendar will also include major events delivered by others (with or without Council financial support) to assist in maximising regional opportunities and to avoid target audience clashes.

6.9 Program Alignment

Where it is possible and practical to do so, Council will endeavour to align events and programming across Council facilities and venues to achieve common themes to maximise promotional opportunities and to ensure venues and events are not competing for the same target markets.

6.10 Procurement Arrangements - Specialised and Sole Supplier

Where Council proposes to procure a specific event, performance, exhibit or activity, (for example purchasing a specific production from the Queensland Ballet or bringing a particular sporting event), Council resolves under Section 235(a) and (b) of the Local Government Regulation 2012, that it is satisfied in these circumstances there is only one source of supply and that the supply is of a specialised nature and it would be impractical to invite quotations or tenders.
