

PART 14 - Plans

1. The planning scheme provides planning scheme maps (listed in **Table 14-1** below) to assist with interpretation and implementation of measures. These plans are provided separately and comprise part of this Planning Scheme.

Table 14-1 Planning Scheme Maps

Name of Map Group		Purpose of Map
Key Map 1	Map Series	Identifies the sheet series in which a particular site is situated. All relevant planning scheme maps applying to the site will have the same map sheet reference and thus provides a single point of reference.
Locality Plans (Series OO)	Locality Key Plan	Identifies the boundary and name of the Locality in which a particular site is situated.
Zone Plans (Series O1)	Zone Plan	Identifies the zone designation in which a particular site is situated. The zone map sheet reference for a particular site is derived from Key Map 1
Overlay Plans (Series O2 – O9)	Overlay Plan	Identifies the type and extent of an Overlay code that may affect a site. The overlay map sheet reference for a particular site is derived from Key Map 1.
Guideline Plans	Guideline Plans	Plans referred to in the scheme which provide supporting information regarding particular scheme measures.
Strategic Framework Map	Strategic Framework Map	Shows the strategic elements and their spatial distribution. Note: the strategic framework map does not provide a basis for development assessment in the planning scheme.
