THE WORLD'S LARGEST AND MOST SENIOR HYDROGEN EVENT

THE OFFICIAL WORLD HYDROGEN SUMMIT IN ROTTERDAM

The landmark event in the industry's calendar, **World Hydrogen 2024 Summit & Exhibition returns to Rotterdam** with the largest edition yet!

Part of the SEC World Hydrogen Series, the **World's Largest Dedicated Hydrogen Event** is partnered with the Government of the Netherlands, Province of Zuid-Holland, City of Rotterdam and the Port of Rotterdam, solidifying their continual commitment and partnership, to facilitate the official global springboard for hydrogen deals and project developments.

The sell-out 2023 event tripled in size from its previous year, and the upcoming 2024 edition will expand even more so, to accommodate the surging expansion of the sector as hydrogen takes centre stage in global debates, subsidy schemes and energy transition plans.

“

The World Hydrogen Summit is now probably the most pivotal of exhibitions and conferences where the right people for an industry like Air Products come together, combining both public and private around the topic of hydrogen and how it can contribute to decarbonizing our economies and society.”

Ivo Bols
President for Europe & Africa
Air Products

WORLD HYDROGEN 2024

Summit

#WORLDHYDROGEN2024

THE GLOBAL STAGE FOR HYDROGEN PROJECTS, POLICIES & STRATEGIES

The World Hydrogen Summit convenes the world's policy and strategy leaders at the forefront of ground-breaking hydrogen projects to share the latest advancements and collaborate towards an accelerated upscale of deployment.

Renewable Hydrogen Production

Electrolyser Developments

Low Carbon Hydrogen Production with CCUS

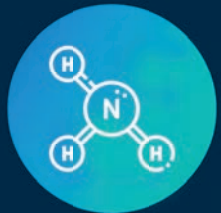

Clean Hydrogen Storage Infrastructure, Transportation & Distribution

Hydrogen Supply Chain Development

Global Ports Creating Hydrogen Hubs and Demand Centres

Hydrogen Carriers: Ammonia, Methanol, Liquid Hydrogen, LOHC

Decarbonising Hard to Abate Sectors Through Low Carbon Hydrogen Applications

Hydrogen Mobility Advancements on Land, Sea and Air

Hydrogen Bankability, Investments, Subsidies

Global Governments Leading the Creation of a Hydrogen Economy

Standardisation, Certification & Regulations

WORLD HYDROGEN 2023 SUMMIT & EXHIBITION

“

I'm really excited to have been invited again to the World Hydrogen Summit because hydrogen rocks.

If we want nature really to be restored we have to drastically reduce the emissions of CO2 and the only way we can do that is to have a rapid transition of our energy sector into renewable energy.”

Frans Timmermans,
Executive Vice-President, European Commission

WORLD HYDROGEN 2024

Exhibition

“

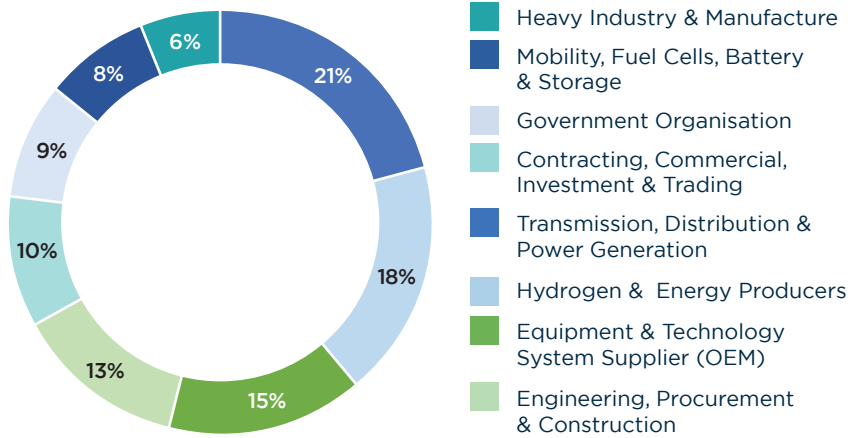

This is where the hydrogen party is... this clearly has become the hydrogen event every year. It's 11,500 people this year which is amazing, and I think next year it will be over 15,000, so this is where everybody who is a hydrogen aficionado is this week, and we definitely are, so we are in the right place.”

Maarten Wetselaar
Chief Executive Officer
CEPSA

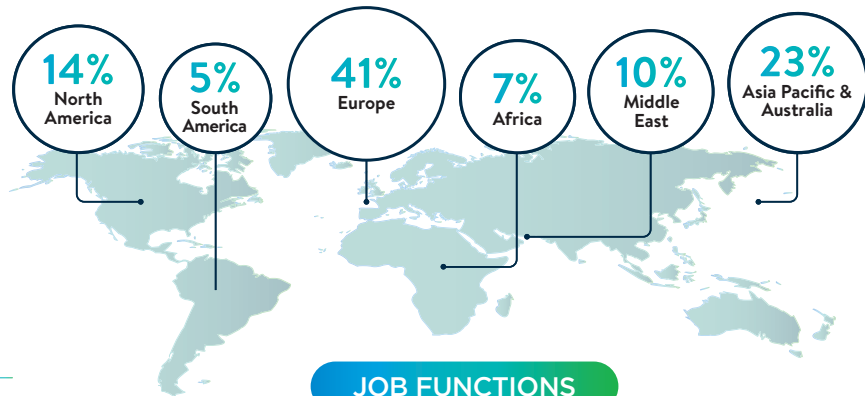

MEET WITH THE GLOBAL HYDROGEN VALUE CHAIN AT WORLD HYDROGEN 2024

WHO WILL YOU MEET

REACH A GLOBAL AUDIENCE OF ENERGY LEADERS:

JOB FUNCTIONS

COUNTRY & REGIONAL PAVILIONS

THE WORLD HYDROGEN 2024 FLOORPLAN

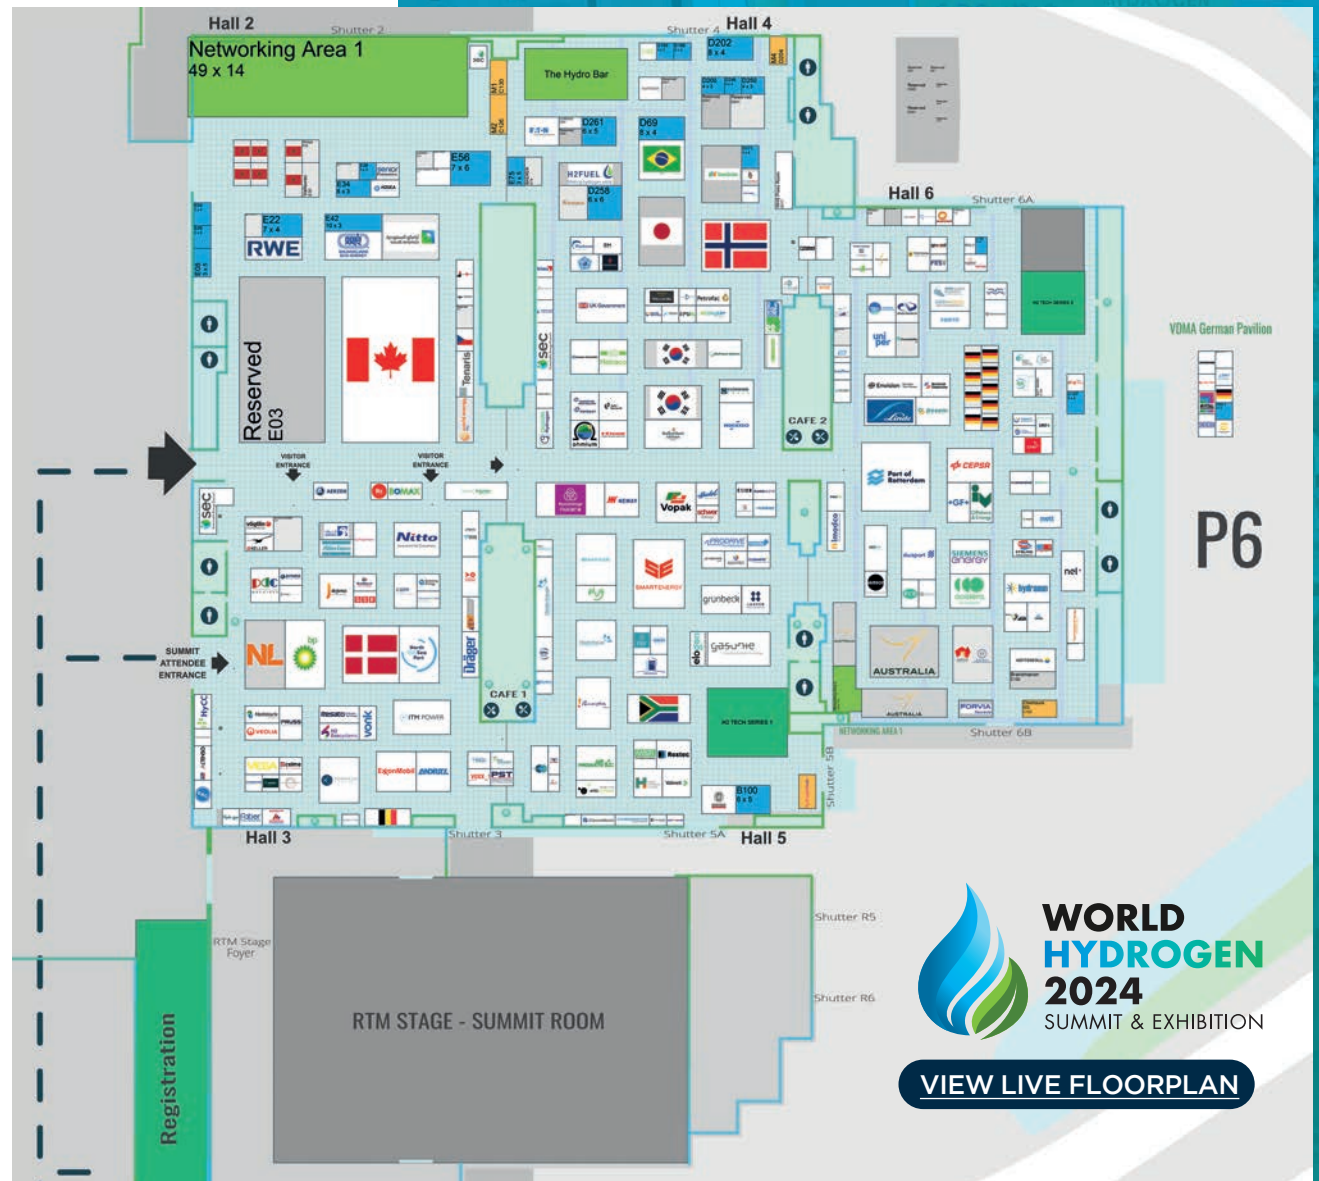

With over 500 exhibiting companies, World Hydrogen 2024 is continuing its monumental growth from last year to keep up with demand and the rapid industry expansion.

The Exhibition is the ideal place to conduct meetings and discuss business with key decision makers of the entire global hydrogen value chain. Featuring two H2 Tech Series stages, country pavilions, networking areas, product launches and more!

“

The World Hydrogen Summit & Exhibition is providing a great platform for all countries to come together, learn, share ideas and collaborate, so it is a critical platform for all of us from various countries to share our ideas, learn from each other and collaborate on how to maximise our efforts toward green energy.”

Hon. Sihle Zikalala
Minister of Public Works
and Infrastructure
Government of South Africa

WORLD HYDROGEN 2024 EXHIBITORS INCLUDE

HIGHLIGHT YOUR EXPERTISE, MEET DECISION MAKERS, SECURE DEALS

WHY EXHIBIT AT WORLD HYDROGEN 2024?

- ✓ Participate in the largest and most senior hydrogen event in the world
- ✓ Showcase your products and services to 15,000 global buyers and partners
- ✓ Generate new leads and exchange insights in a highly targeted environment
- ✓ Showcase your products and services to global buyers and partners
- ✓ Position your brand as a leader in the growing hydrogen market
- ✓ A cost and time effective way to discover new business opportunities
- ✓ Exchange insights and answer your clients questions instantly
- ✓ Be part of a growing hydrogen community world-wide

WHAT'S INCLUDED IN THE SHELL SCHEME?

SHELL SCHEME €595 PER SQM:

- Your company listed in the Exhibitors Directory
- Assistance and recommendations from our dedicated exhibitions team
- Sizes from 9 square meters
- Fascia with company name
- Walls which you can brand with your prints
- Carpeted flooring
- Table & chairs
- Electricity socket & lights
- Waste bin
- Additional furniture and media device available at discounted cost
- Free of charge Visitor Tickets
- Access to the H2 Tech Series
- Discounts available to access the Summit Sessions

WHAT'S INCLUDED IN THE SPACE ONLY STAND?

SPACE ONLY €530 PER SQM:

- Your company listed in the Exhibitors Directory
- Assistance and recommendations from our dedicated exhibitions team
- You design and build your stand to your specifications
- Additional furniture and media devices available at discount cost
- Free of charge Visitor Tickets
- Access to the H2 Tech Series
- Discounts available to access the Summit Sessions

SPEAK AT H2 TECH SESSIONS

Demonstrate your solutions to Exhibition Visitors by presenting at the H2 Tech Series Sessions on the exhibition floor. This option is only available for exhibitors and is charged. Please get in touch for more information.

**H2
TECH
SERIES**
PRESENTS

“

If you look around you, you will find there are over 10,000 people here working on hydrogen and the hydrogen value chains, so it's all about renewable electricity development, conversion of the electron into the molecule through hydrogen and then the application of hydrogen into the hard to abate sectors, and we find all these people here, so for us it's a really efficient way of meeting a lot of people...

It's a great concept because the summit side really gives the content part, but at the same time the Exhibition gives the opportunity for a lot of companies to present themselves with their products and their services, so from that side it's an ideal combination.'

Marcel Galjee
Managing Director
HYCC

YOUR OPPORTUNITY TO ATTEND THE LARGEST & MOST SENIOR HYDROGEN EVENT FOR FREE!

The incredible free-to-attend H2 Tech Series which runs parallel to the Summit Sessions, and held on the exhibition floor, brings you a collection of over 130 presentations, delivered by 200+ expert speakers from the industry via two incredible H2 Tech stages! This unique opportunity allows you to hear directly from hydrogen experts presenting their company's latest technologies and solutions to develop the hydrogen ecosystem, whilst also having the opportunity to network with 15,000 visitors!

WHY YOU SHOULD VISIT THE EXHIBITION & 2 x H2 TECH SERIES STAGES FREE OF CHARGE

- ✓ Hear from hydrogen experts, on the exhibition floor
- ✓ Explore a wide range of topics to enhance your hydrogen knowledge
- ✓ Grasp the latest cleantech developments for your hydrogen business
- ✓ Meet with technology manufacturers presenting their latest solutions
- ✓ Ask your questions and understand the future of hydrogen applications
- ✓ Get unique access to high-level hydrogen insights
- ✓ Expand your network and kickstart your industry collaboration
- ✓ Secure deals and do business with key speakers at their exhibition stands

“

The World Hydrogen Summit is the main event of course for the world and in our region. I love this event, the World Hydrogen Summit & Exhibition is so important, we meet people from all over the world, everybody is so much involved. It's exhilarating that we see the growth in the event, so many more participants than last year, so hopefully next year again with even more participants.”
