Quote is valid to the end of October 2018

Annual Warranty Renewal for Gladstone Regional Council

Ted,

We are confident that you have been pleased with the performance of your survey equipment during the past year and are looking forward to several more years of productive use.

However, I would like to remind you that your warranty is about to expire. Although all our Trimble products are of extremely high quality, with tight tolerances designed to last through several years of use, they generally require maintenance and calibration to ensure efficient operation. Our one year warranty extension, annual service and calibration service can potentially save thousands of dollars in repair costs. You'll be happy to hear that this warranty includes both parts and labour, with free loan equipment for your convenience, if required, whilst your warranty repair is carried out.

Items that have an expired warranty, and are still able to be covered, can have an extended warranty purchased. Pricing is available on request.

The table below details your new warranty cover and cost, please let me know if you wish to continue your warranty cover before the end of **October**.

Device	Serial No	Warranty Type	Current Expiry	New Expiry	Months Required	Ex GST
S6 3" w/Vision	93411161	EWLS-TS-ROBOT	31-Oct-18	Oct-19	12	2140
